CHAIRMAN'S STATEMENT

I am pleased to present an update to Shareholders for the six month period ended 30 June 2014.

Shareholders will be aware that the Company entered a formal VCT winding up period on 8 May 2014 and, as part of that process, appointed a liquidator. The Company's shares were then delisted from the London Stock Exchange on 6 June 2014. These steps have been taken to allow the Company to significantly reduce running costs while it is in the process of realising its investments in order to return funds to Shareholders.

Net asset value and results

At 30 June 2014, the net asset value ("NAV") per Ordinary Share and per 'A' Share stood at 44.3p and 0.1p respectively, producing a combined total of 44.4p. This is an increase of 1.2p per share (2.3%) since 31 December 2013 which has arisen mainly as a result of a surplus of income over running costs in the period.

Total Return (NAV plus cumulative dividends paid to date) is now 86.4p for a combined holding of one Ordinary Share and one 'A' Share. This compares to the original cost, net of income tax relief, of 70.0p.

The return on ordinary activities after taxation for the period was £108,000, which comprised a revenue surplus of £46,000 and a capital profit of £62,000.

Portfolio and investment realisation update

To date, the Company has successfully exited from a number of investments and returned approximately half of Shareholders funds. A significant proportion of the remaining value is held in three related investments.

Horsham Bowl exited in February with proceeds exceeding the previous carrying value by £19,000 and the non-qualifying investment in Future Biogas (SF) Limited was sold in April at original cost. The proceeds from these two investments helped fund the 8.0p per share distribution paid to Shareholders in May.

Gatewales Limited redeemed £95,000 of loan stock at par in June and, in July, the exit from Moebius Two Limited completed. Moebius was the residual investment arising as a means to pay deferred consideration on the disposal of Crossco (1135) Limited, which traded as Complete Childcare. The final payment was £22,000 in excess of the carrying value.

In respect of the remaining investments, there have been a number of developments.

Hoole Hall Country Club Holdings Limited and Hoole Hall Spa and Leisure Club Limited operate conference centre and health club businesses from the DoubleTree by Hilton hotel Chester. Cadbury House Holdings Limited owns and operates conference facilities at the DoubleTree by Hilton hotel Bristol South.

These venues are currently being marketed for sale, along with a third venue. Some initial interest has been shown by a number of potential purchasers and the sales process is being progressed.

It is too early to tell what the final outcome will be but the Manager is cautiously optimistic that the process can lead to an exit for the Company within a reasonable time period. These investments currently represent 62% of the remaining net assets of the Company.

Snow Hill Developments developed a Holiday Inn Express in Birmingham. The development has been partly funded by Co-Op Bank, who, as a result of their internal issues, are now encouraging the company to seek alternative sources of funding. Good progress is now being made in securing new debt funding. Once this task is complete, plans for an exit from the investment can start to be developed.

CHAIRMAN'S STATEMENT (continued)

Portfolio and investment realisation update (continued)

The Thames Club Limited operates a health club in Staines. The club underwent some refurbishment soon after the original investment was made but the timing of the re-launch at the peak of the recession has resulted in the club struggling to build membership at the expected rate. The club is now making progress but a realistic date for an exit at full value might be at least a year away. In view of the performance lagging behind plan and the burden of some prior ranking debt, the valuation has been adjusted down by £35,000.

The remainder of the portfolio comprises a number of smaller investments, some of which already have exit plans in place and where we are waiting for redemptions to complete.

Outlook

Although there is no firm news to report at this stage regarding the timing or quantum of the next distribution to Shareholders, the committee is satisfied that the Manager is making reasonable progress with the investment disposals.

The Manager's main focus is currently the exits from the Cadbury House and Hoole Hall investments and are hopeful that these might be achieved before the end of the year. This would then allow the liquidator to declare a further distribution early in the new year.

I will ensure that Shareholders are updated as soon as there is any firm news.

Chairman of the Supervisory Committee

SHAREHOLDER INFORMATION (continued)

Trading shares

The Company has now delisted from the London Stock Exchange and there is now no facility to trade the shares. In addition, the Company has cancelled its Crest facility so shares can now only be held in certificated form.

The Supervisory Committee envisages that the exit route for Shareholders will be by way of distributions from the liquidator which are expected to be paid as and when major realisations are completed, until all funds are returned.

Notification of change of address

Communications with Shareholders are mailed to the registered address held on the share register. In the event of a change of address, or other amendment, this should be notified to the Company's registrar, Capita Registrars, under the signature of the registered holder.

Share scam warning

We have become aware that a significant number of shareholders of VCTs managed by both Downing and other VCT houses have recently received unsolicited telephone calls from a company purporting to be acting on behalf of a client who is looking to acquire their VCT shares at an attractive price. We believe these calls to be part of a "Boiler Room Scam". Shareholders are warned to be very suspicious if they receive any similar type of telephone call.

Further information can be found on Downing's website under "Existing Investments". If you have any concerns, please contact Downing on 020 7416 7780.
